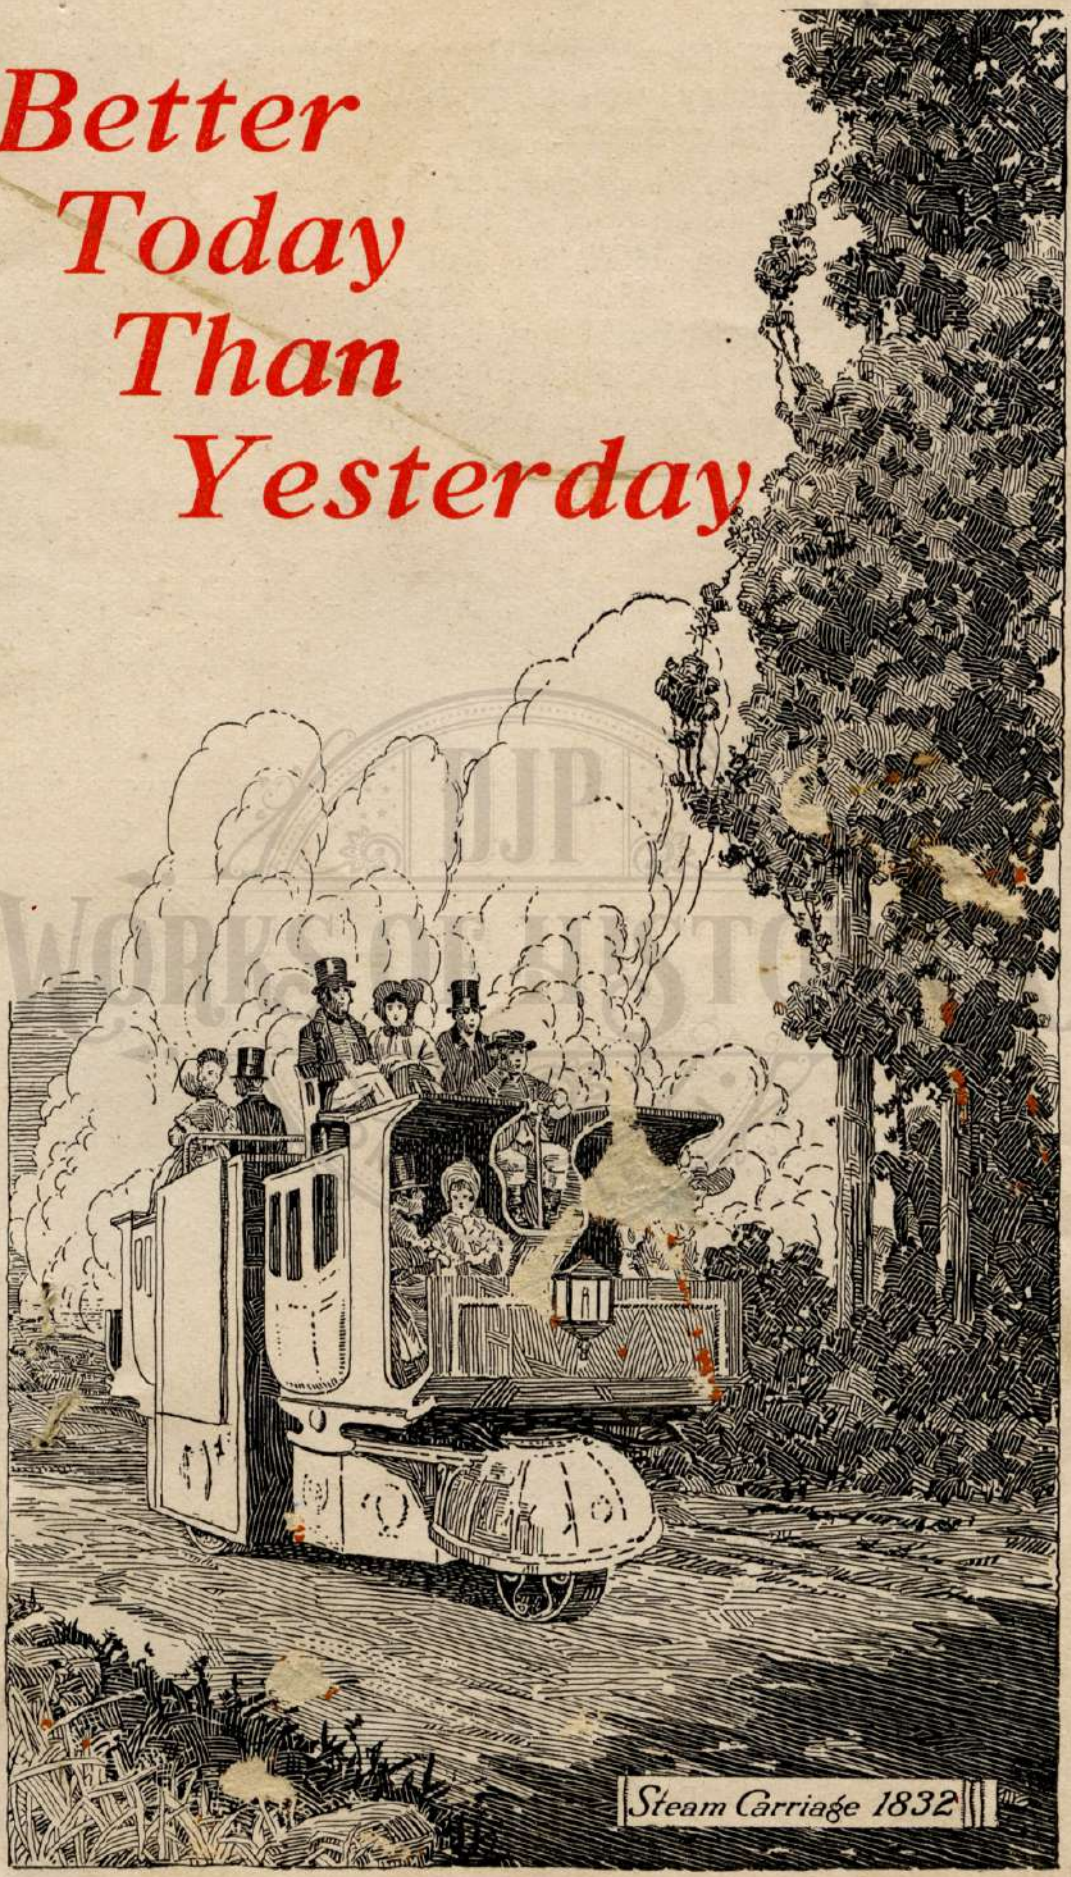
Better Today Than Yesterday



Steam Carriage 1832

Greater SAFETY in Driving

Do not CROWD the DRIVER. Use the REX Rumble Seat for the EXTRA passengers. The Driver can operate the car MORE SAFELY if he has plenty of "elbow-room."

ADDED COMFORT

The REX Rumble Seat will furnish the NEEDED room, so that ALL passengers will be COMFORTABLE.

UTILITY

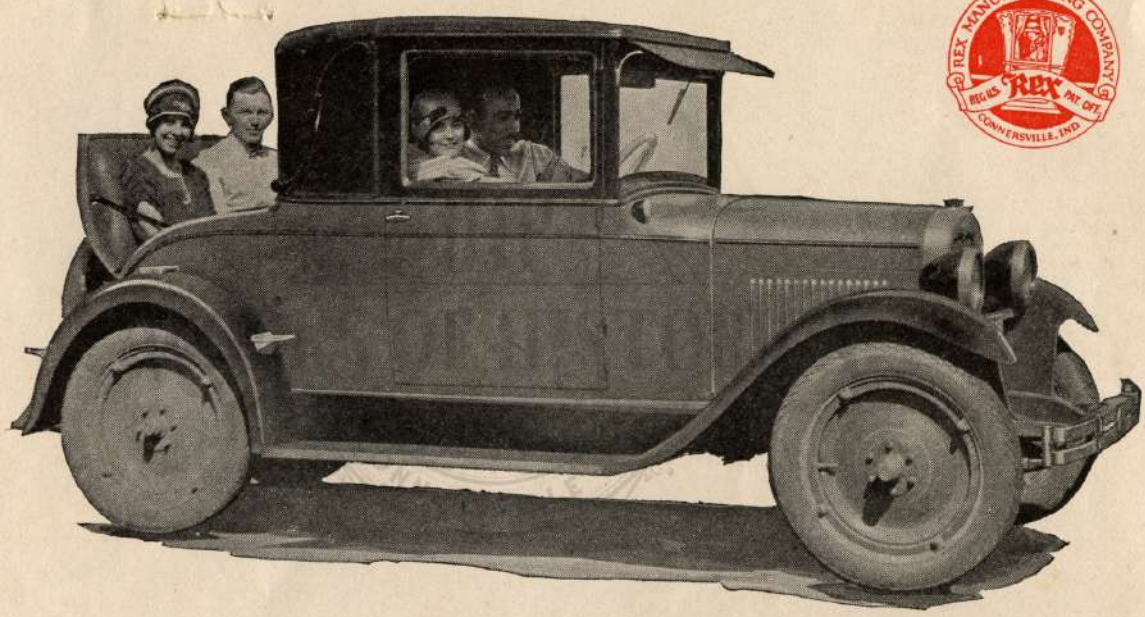
When the REX Rumble Seat is not being used for extra passengers, the rear compartment can be used for luggage, packages, etc.

APPEARANCE

The original contour of the "turtle-back" is retained; when closed, the appearance is the same as before the installation of the REX product.

DESIGN AND FINISH

In perfect harmony with the lines and finish of the car as it was produced by the car manufacturer.



Chevrolet Coupe (Capitol Model) with Rex Rumble Seat

Be Comfortable With a

REX RUMBLE SEAT

for the

Chevrolet Roadster and Coupe

Capitol and Superior Models

Rex Manufacturing Company

Connersville, Indiana, U. S. A.

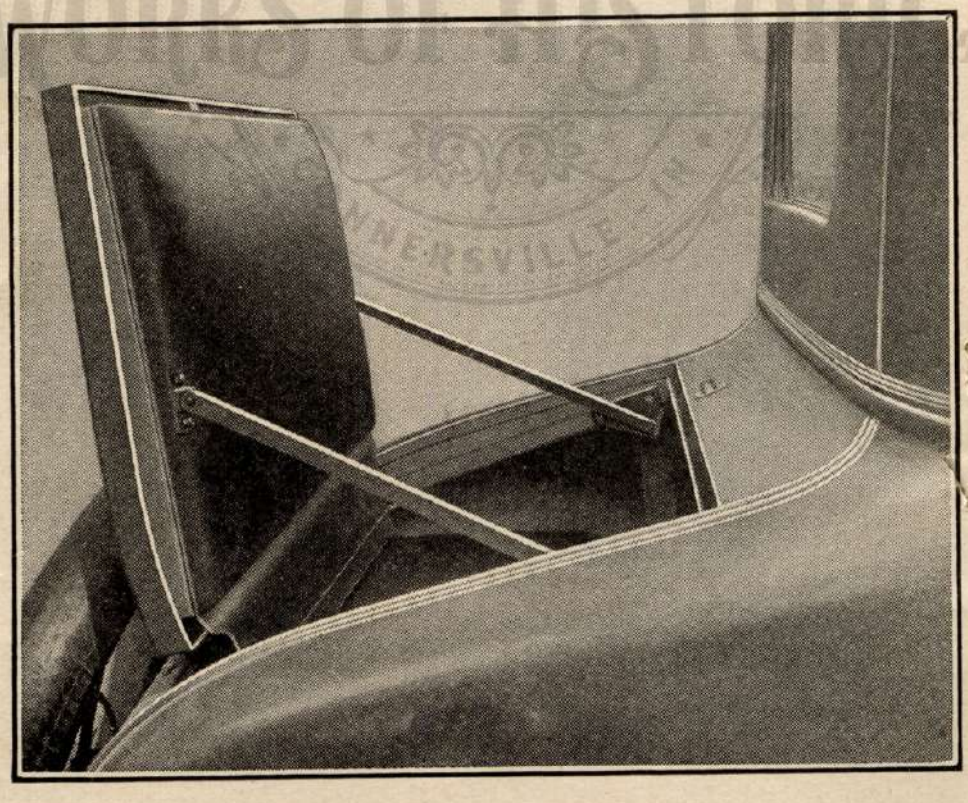
Again REX Engineers have devised an automobile accessory which provides greater comfort for the passengers.

Your Chevrolet Roadster or Coupe can be quickly and easily changed from a two-passenger car to a ROOMY and COMFORTABLE four-passenger. This is accomplished by removing the regular "turtle-back" deck-lid and installing the REX Rumble Seat.

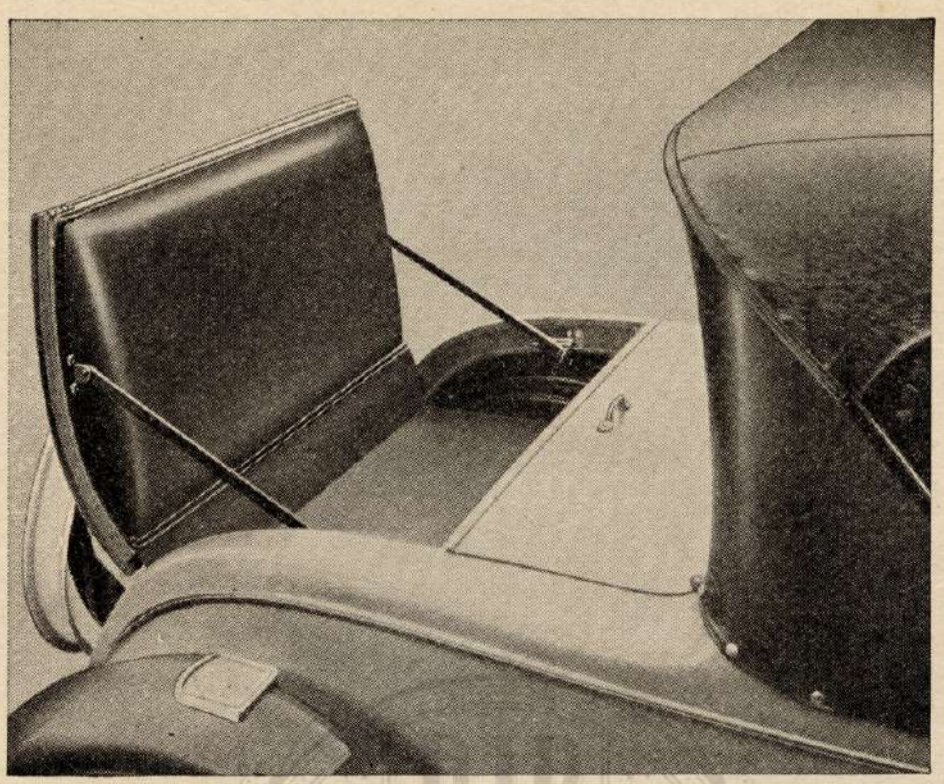
Nothing is done to mar the appearance of the car.

Available in Following Lacquer Colors:

Model	Color
1927 Chevrolet Coupe Capitol Model	Beige Brown
1927 Chevrolet Roadster Capitol Model	Falmouth Gray
1925-1926 Chevrolet Coupe Superior Model	
1926 Chevrolet Roadster Superior Model	Gunmetal Gray
1926 Chevrolet Roadster Superior Model	Biscay Green



Superior Model Coupe



SPECIFICATIONS

(For Superior Roadster and Capitol Roadster and Coupe)

The Rex Rumble Seat is made of four major units; rear deck-lid in two parts (which forms the seat-back for passengers) front deck-lid and the cushion.

Premier wire, woven in helical coil springs, used throughout in cushion and in the back.

Durable grade of leather-cloth used in trimming cushion and back. The forgings are all sturdy, to withstand rough usage.

Outside surface is lacquered and polished to match body of the car.

Neat aluminum castings are bolted to right rear fender for step-plates.

Only first quality material and workmanship throughout the entire job.

SPECIFICATIONS

(For Superior Model Coupe Seat)

Same as for Roadster model seat, except that deck-lid of body is utilized to form seat-back.

Very Easily Installed

All necessary screws, bolts, etc., together with detailed (printed) instructions, are furnished with each REX Rumble Seat, making it easy for the owner or the mechanic to complete the installation quickly.

Where to Buy

The REX Rumble Seat may be secured from any authorized Rex Sales and Service Station or from any authorized Chevrolet Dealer.
